Casting and Splinting Workshops

Rod Walters conducts casting and splinting workshops. Workshops are provided for beginner to intermediate skill level. Three content areas are offered, and workshops can be customized to the needs of the group.

Splinting. Skills include the following, and lasts approximately two hours:

- Thumb spica
- Ulnar gutter
- Volar splint of wrist
- Posterior elbow
- Sugar tong and reversed sugar tong
- Posterior low leg

Sports casting. Skills include the following, and lasts approximately one hour:

- Sports cast to finger
- Sports cast for thumb (thumb spica to MCP)

Casting. Skills include the following, and lasts approximately two hours:

- short arm cast
- short arm thumb spica cast
- short leg cast.

CEUs are available for sessions. These workshops are introductory, and do not imply mastery of the above listed skills. Followup sessions can be arranged.

Cost: Contact rod@rodwalters.com to schedule your workshop.
